- (1) These applicants are being recommended for both RNY retention and expansion-based allocations.
- (2) The number of new jobs committed will be above a base employment level specified in the applicant's retention-based allocation recommendation.
- (3) Indicates a retention-based allocation recommendation
- (4) Indicates an expansion-based allocation recommendation
- (5) All expansion-based RNY Power allocations are recommended to be "up to" the amount indicated pending the applicant's compliance with contractual commitments, including commitments relating to job creation, capital investment spending and power utilization.

New York Power Authority
 ReCharge New York Power Program
 Informational Item - Applicant/Application Not Recommended for RNY Power Allocation

Exhibit "7d i-D"
 July 26, 2016

Line	Company	City	County	Economic Development Region	IOU	Description	Reason
1	BioBAT, Inc.	Brooklyn	Kings	New York City	CONED	Provides biotechnology incubator space	1) The applicant's power demand fluctuates significantly due to standard operating conditions and therefore an RNY allocation based on such fluctuating power demand would be unlikely to have a meaningful impact on the applicant's operating costs particularly during times of reduced demand. 2) The applicant itself can only commit to a small number of direct jobs due to the nature of its business. Other persons working at the facility would be employed by organizations renting out incubator space and would not be subject to long term commitments by the applicant.
2	Globe Metallurgical, Inc.	Niagara Falls	Niagara	Western New York	NGRID	Silicon metal smelting	The applicant is currently receiving a hydropower allocation under NYPA's Replacement Power (RP) program. While it has applied for an RNY expansion allocation, the applicant has not committed to create new jobs to support its RNY Power application. Rather, it seeks to support this application with the same jobs that are already part of the commitment it made to secure its RP allocation. In addition, the Authority recently took compliance action against this applicant in connection with its failure to satisfy job commitments made in connection with its RP allocation. Staff's investigation based on information supplied by the applicant determined that no basis existed to believe that the applicant was in a position to create new jobs in the near future.
