MEMORANDUM TO THE TRUSTEES

FROM THE PRESIDENT and CHIEF EXECUTIVE OFFICER

**SUBJECT: Annual Review and Approval of Guidelines for the
Investment of Funds and 2014 Annual Report on
Investment of Authority Funds**

SUMMARY

The Trustees are requested to: (1) review and approve the attached 2014 Annual Report on Investment of Authority Funds (Exhibit "A"), and (2) amend the Authority's Investment Guidelines to include Service-Disabled Veteran-Owned Businesses as qualifying Dealers.

BACKGROUND

Section 2925 of the Public Authorities Law requires the review and approval of an annual report on investments. Pursuant to the statute, the attached report includes Investment Guidelines that set standards for the management and control of the Authority's investments; total investment income; a statement of fees paid for investment management services; the results of an independent audit; a detailed inventory report for each of the Authority's investment portfolios as of December 31, 2014; and a summary of transactions with brokers, dealers and banks. The approved annual report is filed with the State Division of the Budget, with copies to the Office of the State Comptroller, the Senate Finance Committee and the Assembly Ways and Means Committee. The report is also available to the public upon written request.

DISCUSSION

1. Overview of 2014 Annual Report on Investment of Authority Funds

In 2014, the Authority's investment portfolios, exclusive of the separately managed Other Post-Employment Benefits Trust Fund and Nuclear Decommissioning Trust Fund, averaged \$1.35 billion with a December 31, 2014 cost of \$1.415 billion and market value of \$1.416 billion, representing a positive mark-to-market of \$446,000. At year-end, \$1.373 billion in cash and investments was held in the Authority's Operating Fund with the remainder held in construction funds and restricted funds. The Operating Fund was created by the Authority's General Resolution authorizing Revenue Obligations adopted on February 24, 1998. A number of internal reserves have been established within the Operating Fund, as follows (year-end balances noted in parentheses):

- **Debt Service Reserve (\$67 million)** – The Debt Service Reserve is funded monthly to ensure that sufficient amounts are available to pay debt service obligations when due. The Authority's scheduled principal and interest payments presently total approximately \$140 - \$160 million per year.

- **Energy Hedging/Fuel Reserve (\$18 million)** – This Reserve was established to have funds available for use as collateral that may be required to support the Authority’s authorized fuel and energy hedging transactions and to maintain funds to match a federal obligation to pay for the processing and final disposition of spent nuclear fuel burned by the Authority when it owned the Indian Point #3 and James A. FitzPatrick nuclear plants. On February 3, 2009, the Trustees approved the temporary transfer to the State of New York (“State”) of \$215 million held in this Reserve for the spent fuel obligation to assist with the State’s budgetary deficits. The temporary asset transfer was completed on February 25, 2009 and, in accordance with the terms and conditions of an Memorandum of Understanding between the NYS Director of the Division of Budget and the Authority, is due to be returned to the Authority no later than September 30, 2017. The December 31, 2014 spent fuel obligation was \$217 million.
- **Capital Project Reserve (\$871 million)** – This amount is being set aside to partially fund major new investments in energy infrastructure by the Authority. In order to minimize customer costs, maintain the Authority’s financial metrics and maintain ready access to the capital markets, it has been determined that the major investments should be financed with a portion funded by debt and a portion funded by Authority cash or, in effect, its “equity.” This Reserve has been established to provide this equity. On February 3, 2009, the Trustees approved a temporary transfer of \$103 million from the Capital Project Reserve to the State to assist with the State’s budgetary deficits and reaffirmed the transfer on July 28, 2009. The temporary asset transfer was completed in September 2009, and in accordance with the terms and conditions of an amended Memorandum of Understanding between the NYS Director of the Division of Budget and the Authority, is scheduled to be returned to the Authority in five annual installments beginning in 2014. The first of these installments of \$18 million was received on October 1, 2014. On January 28, 2014, the Authority’s Trustees approved the dedication of \$800 million presently held in the Capital Project Reserve to meet a portion of the costs of major renewals, replacements, repairs, additions, betterments and other investments associated with the Authority’s strategic initiatives, capital plan and energy efficiency investments.
- **Western New York Economic Development Fund (\$33 million)** – On March 30, 2012, Governor Cuomo signed into law the Western New York Power Proceeds Allocation Act (the “Act”), which authorizes net earnings from the sale of unallocated Expansion Power and Replacement Power from the Authority’s Niagara power project, as deemed feasible and advisable by the Trustees, to be deposited into the Western New York Economic Development Fund (“WNYEDF”). The net earnings deposited into the WNYEDF will be utilized to fund economic development projects by private businesses, including not-for-profits, which are physically located within New York State and within a thirty-mile radius of the Niagara power project.
- **Operating Reserve (\$384 million)** – The Operating Reserve includes a reserve for working capital and emergency repairs to the Authority’s projects. The Authority’s Trustees have established a minimum reserve amount of \$175 million for this purpose and funds cannot be released for “any lawful corporate purpose” (pursuant to Section 503(1)(e) of the Bond Resolution) unless this minimum reserve level is satisfied. The December 31, 2014

Operating Reserve of \$384 million reflects this \$175 million minimum, plus the amount staff deems prudent to provide for uncertainties in cash flows and commitments related to certain statewide economic development programs.

In addition to the Operating Fund, as of December 31, 2014, the Authority separately held a total of \$59 million in cash and investments from the proceeds of bond and note issuances in its Note Debt Reserve and Construction portfolios. These funds are earmarked for construction projects currently under way, such as the St. Lawrence Life Extension and Modernization Project and improvements pursuant to the Niagara Relicensing Settlement Agreements.

The Authority's portfolios earned approximately \$18 million in investment income in 2014, \$3 million less than investment income earned in 2013. While the portfolios generated additional income in 2014 on net new cash invested, the prolonged low interest rate environment reduced the earning on maturing securities re-invested in lower yielding instruments. In 2014, the Authority's portfolios had an average yield of 1.30%, exceeding the Authority's targeted performance by 22 basis points (22/100 of 1%). Targeted performance for 2014 was the three-year rolling average yield of the two-year Treasury note with an average added spread of 77 basis points.

As of December 31, 2014, the portfolio was comprised of United States treasury securities (7.4%), government-sponsored agency securities (81.3%), municipal securities (5.7%), mortgages guaranteed by the U. S. government (0.4%) and certificates of deposit and repurchase agreements (5.2%).

Other Post-Employment Benefits Trust (\$467 million)

The Authority's Other Post-Employment Benefits Trust ("OPEB Trust") was established in 2007 as authorized by the Authority's Trustees at their December 19, 2006 meeting to provide for medical, prescription drug, life and other long-term care benefits offered by the Authority for retirees and eligible beneficiaries. The OPEB Trust allows for investments in a diversified portfolio of assets, including domestic and international equity securities, domestic and international fixed-income securities, public Real Estate Investment Trusts and a U. S. Treasury Money Market fund. During 2007 and 2008, the Authority deposited a total of \$225 million into the OPEB Trust to partially fund its actuarial accrued liability. On October 25, 2011, the Authority's Trustees approved on-going annual funding of the OPEB Trust in order to strengthen the Authority's financial position. Contributions totaling \$100.7 million, which represented the net obligation for the years 2009 through 2014, were made to the OPEB Trust in accordance with the Trustees authorization. The accrued liability as of December 31, 2014 was estimated to be \$606 million.

As of December 31, 2014, the OPEB Trust's market value was approximately \$467 million, representing an annualized return of 6.92% for 2014. The return performance was attributable to positive returns in domestic equity, real estate and fixed income asset classes with the international equity asset class realizing slightly negative performance in 2014.

Investment management and advisory fees associated with the OPEB Trust Fund totaled \$1,659,503 in 2014 and were paid from such Trust Fund. These fees and the firms paid are detailed in Section III (B) of the attached report.

Nuclear Decommissioning Trust (\$1.41 billion)

On November 21, 2000, the Authority completed the sale of its Indian Point #3 and James A. FitzPatrick nuclear plants to two subsidiaries of Entergy Corporation pursuant to a purchase-and-sale agreement dated March 28, 2000. In accordance with the Decommissioning Agreements, the Authority retains contractual decommissioning liability until license expiration, a change in the tax status of the fund or any early dismantlement of the plants, at which time the Authority will have the option to terminate its decommissioning responsibility and transfer the plant's fund to the Entergy subsidiary owning the plant. At that time, the Authority will be entitled to be paid an amount equal to the excess of the amount in the fund over the Inflation Adjusted Cost Amount (a fixed estimated decommissioning cost amount adjusted in accordance with the effect of increases and decreases in the U. S. Nuclear Regulatory Commission minimum cost-estimate amounts applicable to the plant), if any. The Authority's decommissioning liability is limited to the lesser of the Inflation Adjusted Cost Amount or the amount of the plant's fund, guaranteeing that no additional cost burdens may be placed on the Authority.

As of December 31, 2014, the Nuclear Decommissioning Trust's ("NDT") market value was approximately \$1.41 billion, representing an annualized return of 9.03% for 2014. The return performance was attributable to positive returns in both the domestic equity and core fixed income asset classes in 2014.

Investment management and advisory fees associated with the Nuclear Decommissioning Trust Fund totaled \$1,731,264 in 2014 and were paid from such Trust Fund. These fees and the firms paid are detailed in Section III (C) of the attached report.

In connection with its examination of the Authority's financial statements, KPMG LLP ("KPMG") performed tests of the Authority's compliance with certain provisions of the Investment Guidelines, the State Comptroller's Investment Guidelines and Section 2925 of the Public Authorities Law. Based on discussions with KPMG, Staff is of the opinion that KPMG's written report, which will be delivered upon approval of the financial statements by the Board, will state that the Authority complied, in all material respects, with the requirements during the year ended December 31, 2014. Consequently, staff believes the Authority is in compliance with the Investment Guidelines, the State Comptroller's Investment Guidelines and Section 2925 of the Public Authorities Law.

2. Investment Guidelines

The Investment Guidelines and procedures have not been amended since last presented to and approved by the Trustees at their meeting of March 25, 2014. The Guidelines remain fundamentally sound and, with the amendment described below, meet the requirements of the Authority. Furthermore, these Guidelines continue to meet the requirements of Section

2824(1)(e) of the Public Authorities Law, which requires the Authority's Trustees to establish written policies and procedures with respect to investments.

On May 12, 2014, Governor Cuomo signed into law the Service-Disabled Veteran-Owned Business Act, which established a six percent goal for participation on State contracts by Service-Disabled Veteran-Owned Businesses (SDVOB's) in addition to other measures to support these companies. The Authority was selected by the Division of Service-Disabled Veteran's Business Development to join a pilot group of agencies and authorities that will provide the greatest likelihood of maximizing the utilization of SDVOBs. To qualify as a SDVOB, the owner or owners must have received a compensation rating of ten percent or greater from the United States Department of Veteran Affairs or have incurred an injury while in uniform equivalent to a compensation rating of ten percent or greater from the United States Department of Veterans Affairs. Staff is recommending that the Investment Guidelines be amended to include SDVOB's as qualifying Dealers through which the Authority can purchase and sell authorized investments. The amendment would update Section A.2 of Paragraph V of the Investment Guidelines, dealing with provisions relating to qualifications of banks and dealers.

RECOMMENDATION

The Treasurer recommends that the Trustees approve the attached 2014 Annual Report on Investment of Authority Funds, and the amendment to the Guidelines for the Investment of Funds.

For the reasons stated, I recommend the approval of the above-requested action by adoption of the resolution below.

Gil C. Quiniones
President and Chief Executive Officer

“Authorized Certificate of Deposit” shall mean a certificate of deposit authorized by the Resolution as an “Authorized Investment.”

B. The Authority, as an issuer of tax-exempt obligations, must not engage in any arbitrage practice prohibited by the arbitrage regulations promulgated under the Internal Revenue Code. In no event shall Authority funds be invested in a manner that would violate the provisions of such arbitrage regulations.

V. Provisions Relating to Qualifications of Dealers and Banks

- A.1. The purchase and/or sale of Authorized Investments shall be transacted only through banks, trust companies or national banking associations (herein collectively termed “Banks”) that are members of the Federal Reserve System and government security dealers (herein termed “Dealers”), which are Banks and Dealers reporting to, trading with and recognized as primary dealers by the Federal Reserve Bank of New York. VI. General Policies Governing Investment Transactions

- A. Competitive quotations or negotiated prices shall be obtained except in the purchase of government securities at their initial auction or upon initial offering. A minimum of three quotes shall be obtained and documented from Dealers and/or Banks, except as indicated above, and the most favorable quote accepted. The Treasurer or Deputy Treasurer may waive this requirement on a single-transaction basis only if warranted by market conditions and documented in writing.
- B. Authorized Investments purchased shall be either delivered to the Authority's designated custodian or, in the case of securities held in a book-entry account maintained at the Federal Reserve Bank of New York or the Depository Trust

Company, recorded in the Authority's name or in the name of a nominee agent or custodian designated by the Authority on the books of the Federal Reserve Bank of New York or the Depository Trust Company. Payment shall be made to the Dealer or Bank only upon receipt by the Authority's custodian of (1) the securities or (2) in the case of securities held in a book-entry account, written advice or wire confirmation from the Federal Reserve Bank of New York or the Depository Trust Company that the necessary book entry has been made.

The Controller shall advise the Treasurer of any variances, and the Treasurer shall ensure appropriate corrections are provided.

VII. Policies Concerning Certain Types of Investment Diversification Standards Required

A. Authorized Certificates of Deposit and Time Deposits

1. Authorized Certificates of Deposit and Time Deposits shall be purchased directly from a Bank in the primary market.
2. Authorized Certificates of Deposit and Time Deposits shall be continuously secured/collateralized by Authorized Investments defined in subsection (1) or (2) of Section IV.A., having a market value (exclusive of accrued interest) at all times at least equal to the principal amount of such Certificates of Deposit or Time Deposits. Such Authorized Investments shall be segregated in a separate custodian account on behalf of the Authority. Collateral pledged for Certificates of Deposit or Time Deposits held as investments shall be market valued (marked to market) not less than once per week.
3. Investments in Authorized Certificates of Deposit or Time Deposits shall not exceed 25% of the Authority's invested funds. The par value of Authorized Certificates of Deposit purchased from any one Bank shall not exceed \$25 million.

B. Repurchase Agreements

The Authority may from time to time elect to enter into arrangements for the purchase and resale of Authorized Investments (known as "Repurchase Agreements"). This type of investment transaction shall be used only when there is no other viable, short-term investment alternative.

1. A Repurchase Agreement shall be transacted only with a Dealer or Bank qualified to sell Authorized Investments to the Authority that is recognized by the Federal Reserve Bank as a primary dealer.
2. Authorized Investments purchased subject to a Repurchase Agreement shall be marked to market daily to ensure their value equals or exceeds the purchase price.
3. A Repurchase Agreement shall be limited to a maximum fixed term of five business days. Payment for the purchased securities shall be made against delivery to the Authority's designated custodian (which shall not be a party to the transaction as seller or seller's agent) or, in the case of securities held in a book-entry account maintained at the Federal Reserve Bank of New York or the Depository Trust Company, written advice that the securities are recorded in the Authority's name or in the name of a nominee, agent or custodian designated by the Authority on the books of the Federal Reserve Bank or the Depository Trust Company.
4. No more than \$50 million of Authorized Investments shall be purchased under a Repurchase Agreement with any one Dealer or Bank. This requirement may be waived by the Executive Vice President and Chief Financial Officer on a single- transaction basis only if warranted by special circumstances and documented in writing.
5. The aggregate amount invested in Repurchase Agreements may not exceed the greater of 5% of the investment portfolio or \$100 million. The Executive Vice President and Chief Financial Officer may waive this requirement on a single-transaction basis only if warranted by cash-flow requirements and documented in writing.
6. The Authority may not enter into arrangements (known as Reverse Repurchase Agreements) for the purpose of borrowing monies by pledging Authorized Investments owned by the Authority.

VIII. Review

These Guidelines and any proposed amendments shall be submitted for Trustee review and approval at least once a year.

In addition to the Authority's periodic review, the Authority's independent auditors, in connection with their examination of the Authority, shall perform an annual audit of the investment portfolio, review investment procedures and prepare a report, the results of which will be made available to the Trustees.

IX. Reports

- A. The Treasurer shall submit an investment report to the Trustees, at least quarterly. Such report shall contain a (1) detailed description of each investment; (2) summary of the dealers and banks from which such securities were purchased and (3) a list of fees, commissions or other charges, if any, paid to advisors or other entities rendering investment services.

These Guidelines are intended for guidance of officers and employees of the Authority only, and nothing contained herein is intended or shall be construed to confer upon any person, firm or corporation any right, remedy, claim or benefit under, or by reason of, any requirement or provision thereof.
- B. Nothing contained in these Guidelines shall be deemed to alter, affect the validity of, modify the terms of or impair any contract, agreement or investment of funds made or entered into in violation of, or without compliance with, the provisions of these Guidelines.
- C. No provisions in these Guidelines shall be the basis of any claim against any Trustee, officer or employee of the Authority in his or her individual or official capacity or against the Authority itself.
