MEMORANDUM TO THE GOVERNANCE COMMITTEE

FROM THE SENIOR VICE PRESIDENT CORPORATE SUPPORT SERVICES

SUBJECT: Procurement and Real Estate Reports

SUMMARY

This memorandum is to advise the Governance Committee of certain 2013 YTD activities of the Corporate Support Services / Enterprise Shared Services (“CSS/ESS”) Business Unit, including: procurement contract activity, disposal of personal property, acquisition and disposal of real property, Supplier Diversity Program activities and plant inventory statistics, as well as fossil fuels and corporate finance activities of the Energy Resource Management and Business Services Business Units, respectively.

BACKGROUND

Pursuant to Subsection C.5 of the Authority’s Governance Committee Charter relating to Reports, the Vice President - Procurement and the Director - Real Estate are required to report to the Committee at all regularly scheduled meetings and the Committee has the authority to require Procurement and Real Estate staff to prepare additional reports and to produce documents for Committee review.

The reported activities are governed by various State laws and regulations and are set forth in the attached Reports.

DISCUSSION

As more fully described in the individual reports attached hereto as Exhibits A thru G, the Procurement Contract Report summarizes activity for procurements of \$5,000 or greater awarded since January 1, 1990 that were active in 2013, as identified by the Authority’s SAP computer system. The Disposal of Personal Property Report lists all personal property disposal transactions over \$5,000 conducted during 2013. The Real Estate Report includes all transactions over \$15,000 for the acquisition or disposal of real property by the Authority. The Supplier Diversity Program Activity Report summarizes dollars awarded to New York State-certified Minority and Women-owned Business Enterprises (“MWBEs”) based on reportable expenditures. The Plant Inventory Analysis lists current stock value and compares it to that of the previous year, with a brief explanation for any significant increase or decrease, where applicable. The Fossil Fuels and Corporate Finance Reports list the fuel- and finance-related transactions conducted by the Fuel Operations and Treasury work groups, respectively.

PROCUREMENT CONTRACTS SUMMARY
June 30, 2013

The following is a summary of all procurement contracts including multi-year contracts awarded prior to June 30, 2013. These contracts have been active during 2013 and are \$5,000 or greater in value. There are 1,687 such contracts with a total estimated value of more than \$3.6 billion not including fossil fuel or corporate finance expenditures covered in Sections 2b-6 and 2b-7 of this report. The total expenditures thus far in 2013 have exceeded \$223 million for these contracts.

- 13% of these contracts are for construction work;
- 41% are for the purchase of equipment and commodities;
- 14% are for personal service contracts such as professional consulting services
- 1% are for architectural and engineering services
- 2% are for legal services
- 29% are for other services, such as maintenance, technicians, contracted personnel, maintenance and repairs.

Based on the total value of the contracts included in this summary, approximately 98% of the total dollars expended were for contracts that were competitively bid. The basis for the sole source awards included the purchase of highly specialized spare parts and services from original equipment manufacturers, procurement of services on an emergency basis and proprietary sources.

On March 21, 2013, the “2012 Annual Report of Procurement Contracts” was certified by the Authority’s Chief Financial Officer and reviewed and approved by the Trustees.

In accordance with Section 2879 of the Public Authorities Law (PAL) requirement the Annual Report of Procurement Contracts was filed with the Director of the Division of the Budget, the Department of Audit and Control, the Department of Economic Development, the Senate Finance Committee, the Assembly Ways and Means Committee and the Authorities Budget Office. The Annual Report consisted of particular information concerning procurement contracts as well as a copy of the Authority’s current Guidelines including the Guidelines for Procurement Contracts, the Guidelines & Procedures for the Disposal of Personal Property, and the Guidelines & Procedures for the Disposal of Real Property.

The Annual Report of Procurement Contracts was submitted to the NYS Comptroller’s Public Authorities Reporting Information System (PARIS) in accordance with Section 2879 of the PAL by the March 31, 2013 deadline.

**ACQUISITION AND DISPOSAL OF REAL PROPERTY
JANUARY 1 – JUNE 30, 2013**

Section 2896 of the Public Authorities Law (PAL) requires a report setting out all real property transactions of the Authority over a given reporting period. Such report shall consist of a list and full description of all real property disposed of during such period. The report shall contain the price received by the Authority and the name of the purchaser. There is no monetary threshold so all disposals regardless of value need to be reported. In addition, acquisitions and leasing transactions are also included in this report. All acquisitions and dispositions reported herein were approved by the Authority's Trustees and/or are consistent with current Trustee approved Expenditure Authorization Procedures. The reporting period is January 1 – June, 30, 2013.

I. ACQUISITIONS

Alcoa Power Generating, Inc. Acquired from Alcoa Power Generating, Inc. on behalf of Long Sault, Inc. permanent easements of 5.99 acres (Map No. SMA-501) and 7.06 acres (Map No. MSA-503). The deed was recorded on May 2, 2013, and the consideration was \$1.00.

Reynolds Metals Company Acquired from Reynolds Metals Company a permanent easement for construction of a transmission line consisting of 21.85 acres. The deed was recorded on June 12, 2013 and the consideration was \$1.00.

Russell Acquired from Edwin O. and Gloria Russell an off right-of-way access road consisting of 0.217 of an acre. The Grant of Easement was recorded on June 20, 2013.

Danger Tree Permits/Land Use Permits – Danger tree permits acquired and land use permits issued along NYPA's transmission system.

During this reporting period, the Authority acquired 36 danger tree permits. These rights allow the Authority to eliminate dangerous vegetation which is critical to the safe operation of the New York State transmission grid. The transmission facilities covered by these danger tree permits include the Niagara-Adirondack, Fitz-Edic, Moses-Willis, and Gilboa-New Scotland. This is an on-going effort.

In addition, the real estate group issued 19 land use permits for use of the Authority's easement areas. These permits, with their accompanying insurance requirements, assure the use of the Authority's easement consistent with the operation of our transmission lines. In addition, these permits can be used to allow other State and municipal entities use of NYPA facilities. A listing of these permits and their respective purposes is set out below.

Leasing Support for Operating Projects and Transmission Facilities:

During the reporting period, and at the request of Project Management, Real Estate successfully negotiated and finalized the terms of a five year extension for the Gramuglia warehouse at St. Lawrence. The annual rental is \$48,000 which represents a significant reduction in annual rental from the existing lease.

IV. ST. LAWRENCE RELICENSING

St. Lawrence Lands Program

On October 31, 2001, the Authority filed an application for a new license, pursuant to Sections 4(e) and 15 of the Federal Power Act for the continued operation and maintenance of the 912 megawatt (MW) St. Lawrence F.D.R. Power Project. On February 6, 2003, the Authority filed a "Comprehensive Accord" (Settlement Agreement). On October 23, 2003,

the Federal Energy Regulation Commission (hereinafter "FERC") issued an "Order Approving Settlement Agreements, Dismissing Complaint and Issuing New License" in which FERC *inter alia* approved the Settlement Agreement.

As part of the Settlement Agreement, the Authority agreed to several changes to the Project boundary. These proposed changes removed approximately 1,340 acres from the Project. With these changes, the Authority intends to transfer jurisdiction over approximately 741 acres at Galop Island State Park and environmentally sensitive lands in Lisbon and Waddington to other state agencies. The remaining approximately 599 acres of removed lands are in the process of being conveyed either to the affected local municipality or to adjoining landowners, if interested. For all conveyed lands, the Authority would retain a flowage easement and access easements where appropriate to provide necessary rights to traverse conveyed lands for Project-related activities.

During this period, five deeds were finalized and recorded in the County Clerk's office. This brings the total to 505 of the 599 acres have been conveyed. Of the approximately 520 private parcels to be conveyed, approximately 426 parcels have been completed.

DISPOSAL OF PERSONAL PROPERTY
January – June 2013

2013 YTD Report of Disposal of Personal Property

Public Authorities Law (“PAL”) § 2896, enacted as part of the Public Authorities Accountability Act of 2005 (“PAAA”), as amended by the Public Authorities Reform Act of 2009 (“PARA”), requires the Authority to prepare a report, not less frequently than annually, listing all Personal Property disposed of during the reporting period. To that end, the 2013 YTD Report of Disposal of Personal Property over \$5,000 in value is attached. The description of the property, purchaser’s name and price received by the Authority, as required by PAL § 2896, will be presented in the official 2013 Annual Report of Disposal of Personal Property for review and approval by the full Board of Trustees at their March 2014 meeting, referenced in the Authority’s § 2800 Annual Report and included in other filings with various State entities, in compliance with applicable law. The sale price and other additional data (such as fair market value, date of transaction, full address of purchaser, etc.) required by the Authorities Budget Office (“ABO”) will be included in the 2013 Public Authorities Reporting Information System (“PARIS”) Annual Report of Personal Property Disposal for submittal to the ABO by March 31, 2014.

FACILITIES – First and Second Quarter Activity, YTD Summary and Subtotal

During the reporting period, there were three (3) Personal Property Disposal transactions over \$5,000 in value, conducted by the Property Disposal Coordinators (“PDCs”), as further set forth on page 1 of the attached Report. Of this number, two were for the disposal / sale of scrap metals at the Niagara Project, conducted under an existing competitively bid contract with Niagara Metals, resulting in payments to the Authority totaling \$57,537.85; the third was for the disposal of a failed generator step-up transformer at the Blenheim-Gilboa Project (“B-G”), which was competitively bid through a Request for Quotations from firms pre-qualified by the Authority’s Environmental Division for such work and resulted in payment to the Authority by TCI of NY, LLC of \$106,106.68 for the scrap metal value.

The **2013 YTD Total “Price Received by the Authority” for these three Personal Property Disposal transactions over \$5,000 conducted by the Property Disposal Coordinators (“PDCs”) at the Facilities and WPO was \$163,644.53.**

FLEET – First and Second Quarter Activity, YTD Summary and Subtotal

During the reporting period, the Authority participated in a Fleet-related auction conducted on behalf of the Authority’s Fleet Operations Division by the firm Auctions International, Inc. (of Buffalo, NY) on June 1, 2013 at the State Fair Grounds in Syracuse, NY. Such auction, which consisted of both a physical presence as well as an online component, resulted in the sale of a total of 20 units or lots comprising light duty vehicles, heavy duty trucks and special equipment, of which there were 13 with a Sale Price over \$5,000, as set forth on page 2 of the attached

Report. The auction "Sale Price" (Gross) for these 13 units was \$172,050, which resulted in a "Price Received by the Authority" (Net Amount) of \$170,400 after any applicable commission/transportation costs were deducted.

Additionally, at their meeting of June 26, 2012, the Authority's Trustees approved the transfer of ten (10) Authority fleet vehicles to the New York State Office of General Services ("OGS") without charge for use by OGS in furtherance of its strategic goal to minimize state expenditures and become as efficient as possible in the use of all resources at their disposal. Nine (9) such transfers were completed as of 12/31/12 and were reported previously; the tenth and final transfer was completed during the First Quarter 2013 and therefore is listed on the attached Report (p. 3).

In summary, the **2013 YTD Fleet Total "Price Received by the Authority" (Net Amount) for the 13 auction transactions over \$5,000 was \$170,400.**

Grand Total as of 06/30/13

As summarized on page 3 of the attached Report, the **2013 YTD Grand Total "Price Received by the Authority" (Net Amount) for all Personal Property in excess of \$5,000 was \$334,044.53** [Sale Price (Gross) \$335,694.53 less \$1,650 (commission / transportation fees, where applicable)]. (It should be noted that an additional \$12,515 was received for the sale of 7 Fleet units with a value less than or equal to \$5,000, which are not included in the attached Report.)

GOVERNANCE
SUPPLIER DIVERSITY PROGRAM
January – June 2013

In the last quarter ending June 30, 2013, NYPA awarded approximately \$ 16.7 million or **22.27%** of our reportable expenditures to New York State Certified Minority and Women-Owned Business Enterprises (M/WBEs). From January 2013 thru June 2013, the Authority awarded approximately \$38.9 Million or **23.8 %** of our reportable expenditures to New York State Certified M/WBEs. NYPA remains on track to achieve the 20% state mandated goal for fiscal year 2012-2013. Reportable expenditures continue to exclude specialty procurements (such as transformers, circuit breakers, turbine runners and other major electrical generating equipment) and commodities such as natural gas, where no M/WBEs are available to provide such goods or services.

M/WBE utilization percentages for Fiscal Year 2012-2013 will be submitted to the Governor for his review and will be made public upon his discretion. These figures will include NYPA's goal attainment of 20.87 %.

We are currently assessing the additional mandates of the New York State Contract System requirements with respect to our supplier diversity program.

In June of 2013, Mr. Damon Williams, Supplier Diversity Program Analyst I, joined the Supplier Diversity team as a new hire.

The Authority continues to actively participate in outreach programs with various M/WBE entities.
