4. **DISCUSSION AGENDA:**

a. **Canal Corporation - Post-Integration Update**

Ms. Kimberly Harriman, Senior Vice President of Public and Regulatory Affairs provided an update of the NYPA/Canal Corporation integration as follows:

“With eighteen months into operations of the Canal Corporation (‘Canals’), the Power Authority has developed a strategy to support the safe and secure operation of Canals while promoting the recreation, tourism, and agricultural benefits of the Corporation. The Authority has learned much during this time, including original strategy and approach needed to pivot, and where such is working as planned.

In general, most of the Authority’s business units have provided, or are moving to provide, support to Canals in the form of a shared services structure, which is not dissimilar to that provided by the Thruway Authority. For example, Finance and Human Resources are implementing back-office functions for Canals where efficiency and economy warrants, and, in other instances, are working with Canals to ensure adequate in-house staffing. Operations is also providing a shared services approach with critical similar responsibilities such as Environmental Health & Safety (‘EH&S’) and Dam Safety. These services being managed by NYPA personnel can provide expertise and operational economy.

Legal, Risk Management, Information Technology and Corporate Communications are providing services to Canals through NYPA’s resources and Public and Regulatory Affairs is providing supplemental resources to internal Canals staff in the areas of Government and Community Affairs as well as Legislative Management.

The Authority will continue to operate Canals and refine the model in accordance with the expertise as well as the strategic vision of Canals to ensure it is safe and secure for all residents who live near to enjoy the recreations on the canal.”

5. **Next Meeting**

Chairman Nicandri said that the next regular meeting of the Audit Committee would be held on September 27, 2018 at the Clarence D. Rapleyea Building in White Plains, New York at a time to be determined.

**Closing**

Upon motion made by member Tracy McKibben and seconded by member John Koelmel, the meeting was adjourned by the Chairman at approximately 9:15 a.m.
