- **Q & A**
- **Closing Remarks**
Eric Alemany, Director Supplier Relationship Management, NYPA
- **What's to Come**

CELEBRATING HISPANIC HERITAGE MONTH – PRIME TIME CHAT

Safety Moment

CELEBRATING HISPANIC HERITAGE MONTH – PRIME TIME CHAT

Safety Moment - National Teen Driver Safety Week (October 21-27)

Facts about Teen Driver Fatalities

- Motor vehicle crashes are the leading cause of death for teens (15-18 years old) in the US
- According to the latest statistics from DMV, in 2019, 2,042 people killed in crashes involving a teen driver, of which 628 deaths were the teen driver.
- Parents can be the biggest **influencers on teens' choices** behind the wheel if they take the time to talk with their teens about some of the biggest driving risks.

Things to do:

- ✓ Parents should have conversations with their teens about the important rules they need to follow to **stay safe behind the wheel** of a motor vehicle.
- ✓ Address the **greatest dangers** for teen drivers: alcohol, inconsistent or no seat belt use, distracted and drowsy driving, speeding, and number of passengers.
- ✓ Lead by example when driving.

Safety Quote: **Safety isn't expensive, it's priceless.**
