In addition to the State Parks Standing Committee, three other standing committees were created to disperse funds those groups received in other settlement agreements with NYPA. The other committees are: Greenway Ecological Standing Committee, Host Community Greenway Fund Standing Committee and the Buffalo and Erie County Greenway Fund Standing Committee. The Niagara River Greenway Commission is a public benefit corporation established by Chapter 460 of the laws of 2004, and charged with the planning and development of a greenway of interconnected parks, river access points and waterfront trails along the Niagara River from Lake Erie to Lake Ontario at the site of the historic Fort Niagara.
