1. It is anticipated that the recommended allocation would not take effect until after the conclusion of the Economic Development Customer Assistance Program (EDCAP).

2. Indicates an applicant with a previously approved RNY Power allocation. The appropriate "Jobs Retained" are removed from the totals as these jobs have already been counted in a prior RNY allocation recommendation.

3. The recommended allocation is for the former Global Foundries site in East Fishkill. The site has been acquired by Semiconductor Components Industries, LLC which is the basis of the new recommendation contained herein.
