Statement from Jim Stokes, Executive Director MEUA:

“The Municipal Electric Utilities Association of New York State represents 40 of New York’s publicly owned municipal electric utilities. We have worked with Justin Driscoll over the last several years in his role as Acting President & CEO at NYPA. We appreciate his professionalism, leadership and commitment in support of public power in New York. We are looking forward to continuing that relationship to the benefit of our membership and all New Yorkers. We are confident that Mr. Driscoll is well qualified and the right choice to lead NYPA into its next chapter and we fully endorse his confirmation by the NYS Senate.”
