DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protect treated areas that are not accessible to workers or other persons.

HOLLOW HEART CB is designed for remedial treatment of in-service poles, poles and poletops, bore holes, posts, beams, lumber, bridge and mine timbers and piling. HOLLOW HEART CB hails existing wood decay and protects against future decay.

Shake before using. Dilute 1 gallon of this concentrate with 1½ gallons of water. If diluted product is to be used or stored at temperatures near or below 32°F (0°C), dilute 1 gallon of this concentrate with ½ of a gallon (2940 ml) of water and ½ of a gallon (2940 ml) of propylene glycol to prevent freezing. Shake or stir well before using.

Internal Treatment: Using air or mechanical pressure pump, apply solution to interior cavity of wood structure through prepared opening. Apply one gallon (maximum per cu. ft. of wood) or to refusal.

Surface Treatment: HOLLOW HEART CB can also be applied by brush or roller to protect wood surfaces or end-cuts. Use one coat on materials to be finished with paint or stain. If no finish is to be used, apply two liberal coats within the hour. Thoroughly cover ends.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Store in a secure, well-ventilated area protected from extreme temperatures. Do not transfer to unauthorized containers. Keep container closed when not in use.

Pesticide Disposal: Pesticide wastes are toxic. Improper disposal of wettable powder, spray mixture or residue is a violation of Federal law. If these wastes are not disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the nearest office of your State or Tribal agency responsible for pesticide regulation.

ACTIVE INGREDIENTS:

14.67% Copper Ethanolamine Complex

INERT INGREDIENTS: 72.89%

TOTAL 100.00%

FIRST AID

If on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. If person is not breathing, call 911 or an ambulance; then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

If swallowed: Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do by the Poison Control Center or doctor. Do not give anything by mouth except unconscious person. Probable mucosal damage may contaminate the use of gastric lavage.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

Environmental Hazards

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through the skin. Causes moderate eye irritation. Causes skin irritation. Harmful if inhaled. Avoid breathing vapor. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Do not get on skin or on clothing. Avoid contact with eyes. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment

Applications and other handlers must wear eye protection, such as goggles or face shield, and chemical-resistant gloves (such as barrier laminated, butyl rubber, nitrile rubber, neoprene rubber, polyvinyl chloride, vitro). Mixers, loaders, applicators, and other handlers must wear the following: long-sleeve shirt or protective sleeves, long pants, shoes plus socks. Protective clothing must be changed when it shows signs of contamination. Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard cloth and other absorbent material that have been drenched or heavily contaminated with this product’s concentrate. Do not reuse these.

Containers and Equipment

Users must wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users must wash hands before storing, handling, using or maintaining PPE. Users must wash hands after removing. Do not eat, drink, chew gum, smoke, or use the toilet while handling this product.

USER SAFETY PRECAUTIONS

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard cloth and other absorbent material that have been drenched or heavily contaminated with the product’s concentrate. Do not reuse them.

Precautionary Statements

See the product label for any additional information. For any requirements specific to your State or Tribe, consult the State or Tribal agency responsible for pesticide regulation.
