Schedule of Rates for Firm Hydroelectric Power and Energy Service

I. Applicability

To sale of Niagara Hydroelectric Project firm power and energy to certain customers eligible for service under the Niagara Relicensing Settlement Agreement.

II. Abbreviations and Terms

A. The following abbreviations are used:

kW	kilowatt(s)
kWh	kilowatt-hour(s)
NYPA	New York Power Authority
NYISO	New York Independent System Operator

B. The term "Agreement" means contract for the Sale of Hydropower and Energy between Authority and Customer.

C. The term "Authority" means New York Power Authority, an alternative name for the Power Authority of the State of New York.

D. The term "Customer" means a customer eligible for service under Project's relicensing agreement.

E. The term "Customer's Agent" may include, without limitation, a public utility, Load Service Entity, Municipal Distribution Agency, load aggregator or other entity authorized to purchase, sell and/or deliver or cause to be delivered electric power and/or energy pursuant to Section 360 of the General Municipal Law or pursuant to other authority.

F. The term "Power" or "Firm Hydroelectric Power" means capacity (kW) from Project, intended to be available at all times except for limitations provided in the Agreement(s), the Rules, this Service Tariff or in other contract documents. Firm Power shall not include peaking power.

G. The term "Energy" "Firm Hydroelectric Energy" means energy (kWh) associated with Firm Hydroelectric Power.

H. The term "Project" means the Authority's Niagara Hydroelectric Project.

- I. The term "Rules" means Authority's Rules and Regulations for Power Service (Part 454 of Chapter X of Title 21 of the Official Compilation of Codes, Rules and Regulations of the State of New York, 21 NYCRR § 454) as now in effect and as may be later amended from time to time by Authority.

- J. The term "Service Tariff" means this Service Tariff No. NP-1.

III. Monthly Rates and Charges

A. Monthly Rates

The monthly demand and energy charges paid by Customer to Authority shall be the rates shown below.

<u>Effective Date</u>	<u>Demand Rate</u> \$/kW-month of billing demand	<u>Energy Rate</u> Mills/kWh
5/1/2008	5.17	8.84

The demand and energy rates set forth above shall apply at the Project switchyard. Future rates shall be as determined by the Authority consistent with the provisions of the Agreement.

B. Minimum Monthly Charge

The product of the demand rate set forth above and the billing demand.

C. Billing Demand

The billing demand shall be the lesser of a) Customer's contract demand or b) the maximum 30 minute integrated demand measured during the billing period adjusted for losses.

D. Billing Energy

Energy provided by Authority under this service tariff.

E. Billing Period

Any period of approximately thirty (30) days, generally ending with the last day of each calendar month.

F. Contract Demand

The amounts set forth in the applicable Agreement(s) between Authority and Customer.

G. NYISO Transmission and Related Charges ("NYISO Charges")

The Customer shall compensate the Authority for the following NYISO Charges assessed on the Authority, if any, for services provided by the NYISO or any successor organization pursuant to its Open Access Transmission Tariff ("OATT") or other tariffs (as the provisions of those tariffs may be amended and in effect from time to time) which are associated with Customer's purchase of hydro power and energy under its contract for the sale of hydro power and energy with Authority:

1. Ancillary Services 1 through 6 and any new ancillary services as may be defined and included in the OATT from time to time;
2. Marginal losses;
3. The New York Power Authority Transmission Adjustment Charge ("NTAC");
4. Congestion costs, less any associated grandfathered Transmission Congestion Contracts ("TCCs") as provided in Attachment K of the OATT;
5. Any and all other charges, assessments or other amounts associated with deliveries to Customers that are assessed on the Authority by the NYISO or any successor organization under the provisions of its OATT or under other applicable tariffs; and
6. Any charges assessed on the Authority with respect to service to Customers for facilities needed to maintain reliability and incurred in connection with the NYISO's Comprehensive System Planning Process (or similar reliability-related obligations incurred by NYPA with respect to service to Customers), applicable tariffs or required to be paid by the Authority in accordance with law, whether charged by the NYISO or some other third party.

The NYISO Charges in this section are in addition to the Authority production charges that are charged to the Customer in accordance with other provisions of this Service Tariff.

H. Taxes and Other Charges

The charges under this Service Tariff shall be subject to adjustment as Authority deems necessary to recover from Customer any rates, taxes, assessments charged to Authority or any other charges mandated by federal, state and local agencies that are levied on the Authority or that the Authority is required to collect from its customers if and to the extent such rates, charges, taxes or assessments are not recovered by Authority pursuant to another provision of this Service Tariff.

IV. General Provisions

General Provisions for service supplementing or modifying the Rules and Regulations for Power Service and this Service Tariff with regard to deliveries to Customer are as follows:

A. Character of Service

Alternating current, 60 hertz, three-phase.

B. Availability of Energy

Unless otherwise specified in the Agreement, where Customer is taking service solely from Authority, the billing energy shall be the total number of kilowatt-hours recorded on Customer's meter during the billing period, adjusted for losses.

Unless otherwise specified in the Agreement, where Customer takes service from other sources in addition to service supplied hereunder, the billing energy shall be determined by multiplying the total number of kilowatt-hours recorded on Customer's meter during the billing period, adjusted for losses, times the ratio of the contract demand to the maximum 30 minute integrated demand measured during the billing period adjusted for losses. Such ratio shall not be greater than unity (1.0).

The Authority will have the right to reduce on a pro rata basis the amount of Firm Hydroelectric Energy provided to Customer if such reductions are necessary due to low flow (i.e., hydrologic) conditions at the Authority's Niagara and St. Lawrence-FDR hydroelectric generating stations. The Authority shall be under no obligation to deliver and will not deliver any such curtailed energy to Customer in later billing periods. The Authority shall provide reasonable notice, to the extent possible, to Customer of any condition or activities that could result, or have resulted, in low flow conditions consistent with the notice provided to other similarly affected customers.

C. Adjustment of Rates

To the extent not inconsistent with the Agreement, the monthly rates and charges contained in this Service Tariff may be revised from time to time on not less than thirty (30) days written notice to Customer.

D. Adjustment of Charges

Power Factor

Not less than 95% lagging or leading, except as otherwise specified in the Customer's accepted Agreement.

E. Delivery

For the purpose of this Service Tariff, Firm Hydroelectric Power and Energy shall be deemed to be offered when Authority is able to supply Firm Hydroelectric Power and Energy to Customer or its agent at the Project switchyard. The offer of Firm Hydroelectric Energy for delivery shall fulfill Authority's obligations for purposes of this Provision whether or not the Firm Hydroelectric Energy is taken by Customer. If, despite such offer, there is a failure of delivery by Customer or its Delivery Agent, such failure shall not be subject to a billing adjustment pursuant to Section 454.6(d) of the Rules.

F. Payment by Customer for Firm Hydroelectric Power and Energy

1. Customer shall pay for Firm Hydroelectric Power and Energy during any billing period the sum of a) and b) below:
 - a. The demand rate per kW for Firm Hydroelectric Power specified in this Service Tariff or any modification thereof applied to Customer's contract demand for the billing period; and
 - b. The energy rate specified in this Service Tariff or any modification thereof applied to the amount of Firm Hydroelectric billing energy delivered by Authority to Customer during such billing period.
2. Bills computed under this Service Tariff are due and payable by electronic wire transfer in accordance with the Rules. Such wire transfer shall be made to J P Morgan Chase NY, NY / ABA021000021 / NYPA A/C # 008-030383, unless otherwise indicated in writing by Authority. In the event that there is a dispute on any items of a bill rendered by Authority, Customer shall pay such bill in full. If necessary, any adjustments will be made thereafter.

G. Supplementary Provision

Sections 454.2 (c) and 454.5 of the Rules are inapplicable to this Service Tariff.

H. Conflicts

In the event of any inconsistencies, conflicts or differences between the provisions of this Service Tariff and the Rules, the provisions of this Service Tariff shall govern.
