

Mayor Mike Spano and Council President Chuck Lesnick Present **A YONKERS GREEN CITY WALKING TOUR**

in partnership with the Yonkers Green Policy Task Force

Saturday, November 2 ~ 10:30 am – 12:30 pm

A LARGE-SCALE SOLAR ROOFTOP

iPark, an office & industrial complex, is home to the largest rooftop solar array in New York State with 100,000 sq. ft. of solar panels.

A FLOATING MICROFARM

The Groundwork Hudson Valley Science Barge is an urban hydroponic farm powered by renewable energy.

A HUDSON RIVER TIDAL MARSH

The Sarah Lawrence College Center for the Urban River at Beczak is a state-of-the-art environmental education and interpretative center.

MIXED-USE GEOTHERMAL LOFTS

66 Main is a transit-oriented, mixed-use urban living space which captures thermal energy from 1,500 feet below the sidewalk.

THE SAW MILL RIVER DAYLIGHTING

Learn how Yonkers unearthed this long-buried river, restored aquatic habitat, and revitalized its downtown in the process.

Includes a rooftop garden lunch at 12:30

RSVP: (914) 377-6547 or email

Brad.Tito@YonkersNY.gov

Meet at the Yonkers Train Station - 5 Buena Vista Ave., Yonkers
